THE REGIONAL DIRECTOR
Department of Education (DepEd)

Dear Hon. Director:

Warm Greetings!

The Children & Youth Wellness Technical and Advocacy center (CYWTAC), Inc. is a non-government organization committed to bring various psychosocial services to all people of different walks of life including psycho-education programs for children, teens, families and those in direct contact with them (teachers, social workers and other helping professionals). Since 2005, CYWTAC has been delivering psycho-education workshops all over the Philippines and to some ASEAN Countries. Our center introduced new teaching modalities such as Differentiated Classroom Teaching, Therapeutic Teaching and our recent workshop on Brain-Based Education. Additionally, we have been involved in assisting private school teachers and administrators in coming up with Anti-Bullying Programs as guided by the book we launched entitled: *"Fight the Bully Battle: Establishing Anti-Bullying Program in Schools"*. For the past nine (9) years, we quietly worked with so many educators and educational institutions along areas of student wellness and psychological well-being. Please find attached the SEC Registration, BIR Certificate and write up about the center for your ready perusal.

Early this year, our center launched our module entitled: *"AGAPAY"*. From the Filipino word *"agapay"* which means to *"assist"*, we aim to equip teachers with the necessary knowledge and skills in guiding our students in their career decisions. This training module hope to be able to assist our teachers in helping students address the numerous career issues so that they will be able to make wise, skills/interest-based, practical and informed career decisions. This module is a "4 years-in-the-making" training modality developed by CYWTAC's numerous multi-disciplinary consultants like our in-house psychologists, volunteer educators and human resource practitioners.

After perfecting the module via pre and post development re-runs, we dream of making this workshop available to our public and private school teachers. We pray that the Department of Education will support workshops of this nature because we see this intervention helpful in the enhanced K-12 Program of the department. *The module is supportive of DepEd's K-12 program goal of improving the chances for youth employment.*

In this connection, may we request for the support of your region in our plan of bringing this workshop to teachers all over the country. Support in terms of allocating funds and encouraging private and public schools to send representatives to this training will definitely be of great help. Please find attached details about the workshop (TRAINING THEMES, OBJECTIVES, PERFORMANCE BASED OUTPUTS, PROGRAM FLOW AND PROFILE OF THE FACILITATORS/ TRAINERS).

The First Wave of the nationwide workshop will be on:
