**WE MAKE SCIENCE  
CLUBBING FUN.**

August 12, 2013

**THE SCIENCE CLUB ADVISER**

Dear Sir/Madam:

Greetings from the Science Clubbing Movement!

The **Philippine Society of Youth Science Clubs (PSYSC)** is a national federation of science clubs geared towards the promotion of scientific interests and consciousness among our youth. On its 43<sup>rd</sup> year of existence, the organization continues to deliver quality and timely programs that supplement elementary and secondary science education.

On **October 21-24, 2013**, we will be conducting the **2013 National Children's Science Interactive Workshop (NCSIW 2013)** in **Royale Tagaytay Country Club, Alfonso, Cavite** with the theme **"TERRAGENERA: Navigating, Unearthing and Reviving the Wonders of Mizra"**. This year's NCSIW will focus on understanding the fundamental concepts and current trends and breakthroughs in the field of Earth Science. NCSIW 2013 also aims to promote research and development among elementary students by showcasing inventions and discoveries of budding student scientists that have impact on the environment. Other activities that will be featured are series of lectures and workshops, exposure trips and other educational and fun-filled activities.

In line with this, PSYSC **invites your school to send delegates to the NCSIW 2013**. The event is one great opportunity for the students and teachers to learn and appreciate science in more ways than one.

For more information on NCSIW 2013, kindly refer to the enclosed brochure.

Should you have any questions, please do not hesitate to contact us through the numbers indicated above and look for Ms. Rosalinda Aber (Administrative Officer) or Mr. Michael Scott Ostique at 09154486568.

In the service of the Filipino youth,

**MICHAEL SCOTT C. OSTIQUE**  
Director  
NCSIW 2013

Noted by:

**EGBERT M. AMONCIO**  
President  
PSYSC National Executive Council
