**DR. CARMELITA T. DULANGON**  
 OIC-Regional Director  
 Department of Education  
 Regional Office no. VII  
 Sudlon, Lahug, Cebu City

Dear Madam:

We would like to invite you to a series of National Seminars which would allow participants to be involved in a lecture-workshop-performance activity. This is open to public and private school teachers, administrators, pre-service and in-service teachers, students and interested individuals. It is composed of three cascading specific academic events with the main theme, **"Teaching and Learning in the Asean Integration 2015: Challenges and Opportunities"** sponsored by the JBOGM Tutorial, Review and Training Services Company. Its objective is to provide a more engaging approach where pedagogical theories and their application and practices shall be academically and socially relevant, and also responsive to the 21<sup>st</sup> century teacher and learner. These lecture-workshop-performance activities are:

**1. DEVELOPING TEACHING SKILLS: AN ACADEMIC ENHANCEMENT PROGRAM**

This 3-day lecture-workshop seminar aims to help academicians, public and private school teachers and coaches to acquire the standard level of skills and knowledge to enable them to become effective 21<sup>st</sup> century educators needed in the effective implementation of the K to 12 Philippine Basic Education Program. An Exclusive English Proficiency Training Certificate will be provided. Seminar site will be at the Regent Hotel, Naga city on August 21-23, 2015.

**2. PEDAGOGY AND STUDENT LEADERSHIP: DEVELOPING ACADEMIC SKILLS**

The 3-day lecture-workshop seminar aims to help public and private school students together with their mentors become active participant in the 21<sup>st</sup> century learning landscape and achieve learning experiences that will support their development as essential starting points for academic enrichment which includes collaborative oral and written literacy and content area reading management as learners in the K to 12 Philippine Basic Education Program. Seminar site will be at the Regent Hotel, Naga city on August 28-30, 2015.

**3. EXEMPLARY APPROACHES AND STRATEGIES IN THE KINDERGARTEN CLASSROOM**

Early childhood is the period of greatest growth and development, when the brain develops most rapidly, almost at its fullest, when walking, talking, self-esteem, vision of the world and moral foundations are established. Children at this stage should be immersed with activities, games, and plays to naturally acquire the skills/competencies appropriate for their holistic development as emergent literates and be ready for formal school (K-12 Curriculum Guide for Kindergarten, 2012). Seminar site will be at the Regent Hotel, Naga city on September 16-20, 2015.

The registration fees for these seminar-workshops are as follows:
