OIC-Regional Director
Department of Education, Region VII

Madam :

The Mathematical Modeling Organization of the Philippines (MMOP) and the Nueva Vizcaya State University (NVSU) through the Department of Mathematics and Statistics will be hosting the **2015 NATIONAL MATHEMATICAL MODELING CONFERENCE** with the Theme: **"Mathematical Modeling: A Tool in Meeting the Challenges of Today"** on September 22 – 24, 2015.

There are researches to be presented during this conference employing mathematical models. Most of the papers are applied to the field of Business and Economics, Health, and Education. Paper presenters will be coming from the Universities (State Universities or Private Institutions) from the different regions of Luzon, Visayas and Mindanao.

This is a very rare opportunity for Mathematics teachers and Math modelers to attend conference solely for Mathematics enthusiast. This is a very good venue to capacitate teachers and researchers in the field of mathematics, natural sciences, social sciences, IT, languages in adopting and utilizing math models in research. It is also suitable to High School teachers for them to have ideas of Mathematics investigations through the use of Math models.

Hence, we are extending our invitation your High School Teachers or Researchers to participate to this 3-day Conference. We still welcome paper presentor provided, they need to contact the organizer not later than September 4, 2015.

Attached herewith are Call for Paper Presentation, CHED endorsement, Registration form, and Schedule of fees, and list of hotels. Thank you and more power.

Respectfully yours,

JULIUS S. VALDERAMA, Ph.D.
MMOP President
