After the success of Kto12 seminar-workshops and other public training programs as may be relevant we organized in the past specifically in National Capital Region, in Baguio City and in Davao City, the Academy Services of TUV Rheinland Philippines, Inc. would like to continually contribute to the wide information dissemination of education-related matters by holding another Kto12 Seminar-Workshop for both Basic Education and Higher Education Institutions as well as Technical-Vocational Centers in the Central Visayas Region.

Entitled “KEEPING ABREAST OF KTO12 SENIOR HIGH SCHOOL ACADEMIC & TECH-VOC TRACKS”, this public seminar-workshop aims to cover the following areas of concern:

- Updates on implementing rules and regulations of RA 10533, or the K-12 law with emphasis on the **Senior High School**
- The **minimum requirements** to be met by private secondary education, higher education institutions and training centers to offer senior high school academic programs.
- The **application process** in offering SHS Academic & TVL courses/strands
- **Qualification of teachers/trainers** handling SHS Academic & TVL track courses
- The latest **Senior High School Curriculum Contents for the said Tracks**
- The updated and appropriate **Teaching Approaches, Strategies, and Techniques** for Academic and TVL Strands
- The new **Classroom Assessment for Senior High School**

We also hope to earn the **support and endorsement** of the **Department of Education-Region VII** to the schools under its oversight through the **issuance of Advisory** concerning the said seminar-workshop for the information of DepEd officials and personnel/staff as well as the concerned public of the Region.

The seminar workshop will be of most value to school heads, college deans, educational managers, curriculum designers, content specialists, department heads, senior high school teachers and coordinators in basic education & tertiary education institutions and training centers.
