Re: **School Tryout of DepEd-NSTIC Developed Science Equipment**

Dear Director Jeruta,

The Department of Education-National Science Teaching Instrumentation Center (DepEd-NSTIC) is mandated by E. O. 112, s. 1993 signed by then president Ramos, to develop low cost science equipment to be used for science teaching for public schools in the country.

The final stage in the development process of science equipment prior to distribution to schools is that the science equipment prototypes developed by DepEd-NSTIC, shall undergo school tryouts to test their effectiveness.

In this regard we are requesting selected teachers with their respective schools be utilized as tryout teachers (list attached herewith).

In preparation for the school try-out we are inviting the aforesaid teachers to attend a one-day orientation on the use of NSTIC developed science equipment at DepEd-NSTIC on the following dates:

October 20, 2015-for elementary teachers
October 21, 2015-for secondary teachers

These teachers were selected based on the recommendations made by the Regional Science Supervisor of Regional Office No. VII, Division Science Supervisors of Cebu Province and Cebu City Divisions during the pre-tryout conference at DepEd-NSTIC last September 18, 2015.

Expenses relative to the attendance of the try-out teachers during the orientation will be charge against NSTIC funds.

Thank you very much.

Very truly yours,

PAUL C. LA ROSA
Director III
