GUIDELINES ON THE SCHOOL-TO-SCHOOL PARTNERSHIPS FOR FY 2016

1.0 Rationale

1.1 The Department of Education (DepEd) believes that high-performing schools can be instruments for reform. Through school-to-school partnerships, high-performing schools can share their best practices and help other schools improve their school performance using Learning Action Cells (LAC), the Continuous Improvement (CI) Program, and School-Based Management (SBM). This requires that high-performing schools become Leader Schools with active leadership roles, initiating partnerships with other schools and taking on broader responsibilities to help elevate the performance of other schools within their District or Division.¹

1.2 To cultivate partnerships between Leader Schools and nearby schools, DepEd has appropriated P900,000,000 to enable school-to-school partnerships. Leader Schools shall receive funds to provide technical support and assistance to nearby schools that have not yet reached their full potential in school performance. These school funds shall be used by Leader Schools for sharing their best practices and for partnership activities with their nearby Partner Schools.

1.3 This policy also aims to generate short-term positive outcomes among schools involved in partnerships which are enabling mechanisms of effective schools. These outcomes include the following:

- Partner Schools are engaged in collaborative professional development activities such as CI, LAC, and action research;
- Partner Schools jointly undertake planning, problem-solving, and resource mobilization activities to address community-wide educational problems; and
- Partner Schools improve social trust, awareness and understanding with other schools.

1.4 For purposes of monitoring and evaluation, the following are the key performance indicators of this policy:

Criteria	Performance Standards
Efficiency of Liquidation	90% of funds for school-to-school partnerships are fully liquidated by December 31, 2016.
Quality of School-to-School Partnerships	80% of randomly monitored school-to-school partnerships attain any of the short-term outcomes at the end of the school year.

2.0 Coverage

These guidelines shall have national applicability and shall detail the selection, allocation, avancement, release, utilization, liquidation, monitoring, and reporting of school-to-school partnerships funds which shall be implemented in FY 2016. Nevertheless, the establishment of new partnerships and the continuation of existing partnerships is encouraged using other fund sources.

3.0 Definition of Terms

For purposes of these guidelines, the following terms shall be taken to mean as follows:

- 3.1 Continuous Improvement (CI) projects – projects that revolve around the continuous improvement of an identified school process and service delivery related to access, quality, or governance, with the end view of improving learning outcomes.
- 3.2 Implementing Units (IUs) – secondary schools that maintain separate books of accounts.
- 3.3 Leader Schools – high-performing schools categorized as Level 5, 6, 7, or 8 in the 2014 Performance-Based Bonus (PBB) performance categories.
- 3.4 Learning Action Cells (LAC) – a group of people who organize themselves to learn together and carry out staff development through self-learning; local-based staff development system institutionalized by DepEd, primarily to enable teachers to help each other improve their professional competencies during the course of their day-to-day work. Sessions can be held at the School, District, or Division level with focus on improving teachers' instructional management skills and providing immediate on-the-job applications of these skills.²
- 3.5 Non-Implementing Units (Non-IUs) – public elementary and secondary schools, without separate books of accounts, which are under the direct supervision of the Schools Division Office (SDO).
- 3.6 Partner Schools – schools that will be assisted by Leader Schools in reaching their potential in school performance. Operationally, these are the schools categorized as Level 1, 2, 3, or 4 in the 2014 PBB performance categories.
- 3.7 Partnership activities and projects – collaborative activities and projects between a Leader School and a Partner School for the purpose of improving the performance of the Partner School. This includes the sharing of best practices or provision of technical assistance as well as coaching and mentoring support by the Leader School to its Partner School.

B. Refusal

If the School Head of the Leader School refuses to accept the fund, then he or she shall communicate such refusal to the SDS in writing within five (5) calendar days after the effectivity of this policy.
