RE : LETTER OF INVITATION

Dear Dr. Angtud:

Maayong Adlaw!

Disaster management is dominated by top-down relief efforts that assume children and youth are passive victims with no role in communicating risks or preventing and responding to disasters. Nonetheless, as stated in Republic Act 10121, or the Disaster Risk Reduction and Management Act, mandated that the NDRRMCs, the RDRRMCs, the LDRRMCs, the LDRRMOs, the BDRRMCs and the SK Councils shall encourage community, specifically the youth, participation in disaster risk reduction and management activities, such as organizing quick response groups, particularly in identified risk-prone areas, as well as the inclusion of disaster risk reduction and management programs as part of the SK programs and projects.

The youth comprises majority of the total population, they have the energy, time, passion, they are the future leaders and they are the backbone of the society. These characteristics entail the need for us to utilize them in the promotion of a more resilient community. Employing the youth as mitigations of disaster acting as movers in part of the Disaster Risk Reduction and Management programs is a must.

The focus on educating the youth, the adults of tomorrow, has considerable promise. The Cebu Youth Agenda is a strategy to involve the youth as active participants and catalysts of change in Disaster Risk Reduction and Management initiatives in their respective communities. It is an entry point of the LDRRMOs to gain the involvement and support of young people in mainstreaming DRR-CCA activities.

In light of this, we would like to humbly request your good office to send student leaders and accompanying adult/faculty member in the DRR-CCA Orientation and Youth Agenda Consultative Workshop on the date and venue as stated herein:
