Mr. Luis Arioja
School Head, Compostela Science and Technology High School

Dear Dr. Angtud:

The Department of Information and Communications Technology's Free Wi-Fi Internet Access in Public Places Project has started to materialize installation and integration in several localities across the country. By the end of 2017, it is expected that more than 1,000 target beneficiary municipalities and cities shall have free Wi-Fi service, including public school communities nationwide.

In line with this, capacity building activities shall be conducted for Project beneficiaries to ensure that ICT knowledge parallels the infostructure established at the sites. The DICT's National ICT Competency Management (NCM) Service, in coordination with DICT Field Operations Offices (FOO), leads the capacity building activities. Among the trainings to be conducted are the (a) Training of Trainers (TOT) for teachers and facilitators; (b) Training for Beneficiary Users that will introduce basic ICT concepts and applications; and (c) Digital Literacy Training that will cover office productivity tools and networking essentials.

The first set of trainings, specifically the TOT, is aimed at developing more trainers at the community level who will facilitate the next two trainings – Training for Beneficiary Users and Digital Literacy Training. The TOT shall cover a review of training methodologies and an overview of the concepts and contents of the Users and Digital Literacy trainings.

In this regard, **we would like to invite your school division to send up 2 ICT/technology teachers from Project beneficiary high schools** (see attached list of schools) who are willing to undergo ICT proficiency assessment and training, and are willing to extend community service by facilitating trainings in their respective communities. Teachers will be recognized as part of the DICT's database/pool of trainers. Those who will conduct the trainings will be provided compensation or honorarium based on approved guidelines and in accordance with government accounting and auditing procedures.

The TOT shall be conducted on **June 28 - 30, 2017 at Computer Laboratory, DICT 7 Building, Morga Street, Port Area, Cebu City**. Training expenses including meals, training materials, and venue shall be covered by the DICT.

We look forward to working with your good office in this capacity building endeavor. Our FOO focals shall be liaising with your office representative to provide further details and answer inquiries. You may also contact us by e-mailing our Focal Person, **Engr. Royden H. Rusiana**, at **royden.rusiana@dict.gov.ph** or by calling us at **416-6902 loc 110**.

Thank you.

Sincerely,

ANTONIO EDWARD E. PADRE
