Dear Madam,

Greetings of Peace!

The JBOGM Tutorial Review and Training Services is dedicated at providing educators, learners of community leader's quality and relevant training programs that will contribute significantly to their personal development and need to equip themselves with the necessary skills in research in order to not just comply with the aforementioned manifestos but to improve the quality education in the school through research.

In behalf of the company, I would like to seek approval and endorsement from your office our seminar –workshop on “The Basic Research in Education: Pursuit towards providing quality education” (see attached proposal and program). In an overview, this 3-day seminar-workshop aims to help teachers conduct basic and simple classroom and school-wide research using qualitative and mixed methods design.

I hope that this request merits your approval. We look forward to serving our teachers in the field and providing them with quality seminar-workshops that will help improve their research skills under the DepEd k to 12 program.

Thank you.

Respectfully yours,

JENNIFER B. ORTIZ-FLORES
Directress JBOGM
CP#09451043545

S:

Participants should be able to:

Describe the nature and importance of research in education.

Distinguish research as a process and as a product.

Use appropriate quantitative research method based on the nature of the study.

Use appropriate quantitative research method based on the nature of the study.

Use appropriate mixed methods research design based on the purpose of the study.

Use appropriate research instruments, data collection and interpretation based on the nature of the inquiry.

-REGISTRATION-
