Background

APNIEVE is a non-profit organization of individuals and institutions from the private and public sectors and is affiliated with the United Nations Educational, Social, and Cultural Organization (UNESCO). The network was founded by a group of eight experts from Australia, Indonesia, Japan, Korea, Malaysia, Philippines, Russian Federation, and Thailand in March 1995 in Seoul.

The group achieves this through the "preparation of teaching-learning materials and the training of administrators and teachers from all levels in the use of a holistic approach to education and the integration of values across the curriculum."
