The Program is seen as a clear direction towards professionalizing the bureaucracy by producing a corps of development-oriented, competent, dedicated, and honest government executives.

This leadership initiative is overseen by a Steering Committee composed of the National Economic and Development Authority, Department of Budget and Management, Department of Finance, Civil Service Commission, and the Career Executive Service Board.

The Development Academy of the Philippines (DAP) has been tasked to implement PMDP, as part of its mandate to carry out human resource development programs designed to instill development perspectives and advance management capability in the leadership of the key sectors of the government and the economy.
