REGIONAL MEMORANDUM
No. 0304 s. 2019

JUN 06 2019

UTILIZATION OF THE CONTEXTUALIZED KINDERGARTEN BLOCKS OF TIME

To: **SCHOOLS DIVISION SUPERINTENDENTS**

1. This Office through the Curriculum and Learning Management Division (CLMD) requires all Schools Division Offices to utilize the Contextualized Kindergarten Blocks of Time and its corresponding monitoring tools and forms, effective school year 2019-2020, thereby ending the burden of preparing the Daily Lesson Plan or Blocks of Time.
2. This initiative aims to:
 - a. lessen the workloads of kindergarten teachers specifically on the preparation of daily plan which is the blocks-of-time;
 - b. provide teachers ample time to prepare the bulk of instructional materials needed in the play-based activities and to focus on doing their primary job which is to teach;
 - c. guide school heads in monitoring kindergarten classes so that effective technical assistance can be given; and
 - d. ensure that kindergarten learners will receive quality basic educational services that they deserve.
3. School heads should monitor the Kindergarten classes using the classroom observation tool provided (see enclosures). Eventually, appropriate technical assistance can be given to improve teachers' and pupils' performance. Likewise, school heads are encouraged to allocate equitable amount from school MOOE to be used for the reproduction of the contextualized kindergarten blocks-of-time, instructional materials and activity sheets.
4. Schools Division Supervisors and Public Schools District Supervisors should provide technical assistance to school heads and teachers based on the result or data gathered using the monitoring tool, to ensure the delivery of quality basic educational services to kindergarten learners.
5. Quarterly Report utilizing the monitoring tool provided must be submitted to this office (a week after each quarter conference) as part of monitoring of its implementation and as basis for provision of technical assistance and future enhancement of the kindergarten blocks of time.

**GUIDELINES ON THE UTILIZATION OF
CONTEXTUALIZED KINDERGARTEN BLOCKS OF TIME**

1. The utilization of Contextualized Kindergarten Blocks of Time (CKBT) shall commence effective June of this school year 2019-2020.
2. Kindergarten teachers shall be provided with hard copies of the CKBT, R7-KF2 or Kindergarten Daily Log and R7-KF3 or Forms for Modification by their respective school heads who received the soft copies of CKBT and other forms from the Division Supervisors in Kindergarten. Reproduction of hardcopies may be done one time or every quarter.
3. CKBT must be printed out and be kept/compiled in a folder. In no case should Kindergarten teachers use soft copies.
4. With the CKBT, all the activities to be done from Arrival Time to Dismissal Routine are already indicated hence the teachers will just have to write down the date when the topics are taught, week number and put a check mark on the column for the corresponding day on the R7-Kindergarten Form 2 or the Kindergarten Daily Log (KDL).
5. The reflection portion of KDL shall be done at least once a week preferably every Friday. All the information asked must be filled in properly and must serve as guide or basis of the teachers in the preparation of appropriate intervention or remedial action for the learners needing it. Likewise, this portion will also serve as reference of school heads and supervisors for provision of technical assistance.
6. Activities, songs, rhymes, stories, games and the like are already indicated but these don't limit the teachers from introducing new ones which are developmentally appropriate and relevant for the learners setting. Whenever there are opportunities, they are encouraged to improve/localize the activities and materials. If so, they shall use and fill in R7-KF3.
7. School Heads shall use R7-KF4 or Classroom Observation Tool when they observe Kindergarten classes. Other forms such as R7-KF5, R7-KF6, and R7-KF7 shall be done once every quarter only.

R7-KF2 - Kindergarten Daily Lesson Log

Date	Week No.	Day	(/)	REFLECTION	Reflect on your teaching and assess yourself as a teacher. Think about your students' progress this week. What works? What else needs to be done to help the students learn? Identify what help your instructional supervisors can provide for you so when you meet them, you can ask them relevant questions.
		1		A. No. of learners who earned 80% in the evaluation.	
		2		B. Learners who require additional activities for remediation.	
		3		C. Did the remedial lessons work? Learners who have caught up with the lesson.	
		4		D. Learners who need remediation.	
		5		E. Learners who need accommodation.	
Value Focus:				F. Which of my teaching strategies worked well? Why did these work?	
				G. What difficulties did I encounter which my principal or supervisor can help me solve?	
				H. What innovation or localized materials did I use/discover which I wish to share with other teachers?
